Creating Positive Healthcare and Social Service Outcomes

FOR IMMEDIATE RELEASE

## THRIVE Welcomes Subject Matter Expert Beth Little-Terry

NEWS PROVIDED BY:

FRANZ STRATEGIC SOLUTIONS

[THRIVE]

Naples, Florida, August 3, 2021 – Beth Little-Terry, a seasoned Healthcare Executive has joined the healthcare strategy, finance, and organizational improvement firm **THRIVE** (<http://www.thriveandachieve.com>) as a Subject Matter Expert. Beth’s background as a Federally Qualified Health Center CEO, Medicaid contracting professional, and Health Resources and Services Administration (HRSA) reviewer brings another unique set of skills to THRIVE’s already robust team of professionals.

When asked why Beth had chosen to join the THRIVE team, she stated, “Healthcare systems and healthcare service delivery continually change, but one constant is the overarching need to focus on the provision of whole person care. This includes addressing all social determinants of health while still being able to maintain a high quality and successful business.” Beth adds, “**THRIVE** is committed to excellence - enabling organizations to prosper, flourish and demonstrate sustainability while always being mindful of the impacts of social and economic challenges in healthcare. I am proud to partner and collaborate with THRIVE and to support FQHCs, hospitals, and other healthcare providers in improving their effectiveness.”

William Franz, the Founder of **THRIVE** states, “Beth’s healthcare experience within our underserved communities is substantial and will add incredible value to our clients. We are fortunate to have such a knowledgeable and dedicated resource joining **THRIVE**.” He also adds, “It is not just Beth’s knowledge that makes her a great fit, it is also her passion for providing care to vulnerable populations.”

With a focus on hospitals and healthcare systems, Federally Qualified Health Centers, and social service agencies; **THRIVE** integrates strategy, operations, technology, finance, and patient/client services to deliver comprehensive solutions crossing all aspects of an organization’s business structure. **THRIVE** develops targeted programs for underserved communities including Medicaid, uninsured, and those whose well-being is compromised due to lack of access to healthcare and social services.

Beth joins THRIVE’s Strategic Partner, [RDI Healthcare](#) and our other best-in-class Subject Matter Experts (SMEs). These SMEs include Adam Middleton, who provides a focus on practice viability and profitability and Walt Peters, with extensive experience in the areas of occupational health and safety, management systems (ISO), and security.
